For:

SYSTEM AND METHODS FOR HIGH-ACCURACY DISPLACEMENT

DETERMINATION IN A CORRELATION BASED POSITION TRANSDUCER

## COMMENTS ON STATEMENT OF REASONS FOR ALLOWANCE

Commissioner for Patents P.O. Box 1450 Alexandria, VA 22313-1450

Sir:

In reply to the November 19, 2004 Notice of Allowance, Applicants respectfully assert that they agreed to delete ", and determining the spatial translation position corresponding to the intersection of the first and second lines" at the end of claims 22, 50 and 54 to broaden claim scope. Nonetheless, Applicants submit that the specification provides support for these features, for example, at page 25, lines 6-14, page 31, lines 2-16, page 45, lines 11-21, and Figs. 8, 10 and 16.

Respectfully submitted,

James A. Oliff
